### Ayer's Hair Vigor,

For restoring to Gray Hair its  
natural Vitality and Color.

A dressing  
which is at  
once agreeable,  
healthy, and  
effectual for  
preserving the  
hair. It soon  
restores faded  
or gray hair to its original  
color, with the  
gloss and freshness of youth. This  
hair is thickened, falling hair checked,  
and baldness often, though not always,  
caused by its use. Nothing can restore  
the hair where the follicles are de-  
stroyed, or the glands atrophied and  
decayed; but such as remain can be  
saved by this application, and stimu-  
lated into activity, so that a new  
growth of hair is produced. Instead  
of fouling the hair with a pasty sedi-  
ment, it will keep it clean and vigorous.  
Its occasional use will prevent the hair  
from turning gray or falling off, and  
consequently prevent baldness. The  
restoration of vitality it gives to the  
scalp arrests and prevents the forma-  
tion of dandruff, which is often so un-  
cleanly and offensive. Free from those  
deleterious substances which make  
some preparations dangerous and injurious  
to the hair, the Vigor can only  
benefit but not harm it. It wanted  
merely for a HAIR DRESSING,  
nothing else can be found so desirable.  
Containing neither oil nor dye, it does  
not soil white eumbric, and yet lasts  
long on the hair, giving it a rich, glossy  
lustre, and a grateful perfume.

Practical and Analytical Chemists.

## Republican County Ticket.

For County Treasurer,  
GEORGE M. WOOD,  
For County Surveyor,  
GEORGE V. LORING.

THE Republicans of New York are sanguine of success, this fall. The Liberals are back and the party is united. Throughout the State, the campfires are burning brightly, and the meetings held denote genuine enthusiasm among the people. Way to our friends in New York, as we have said to our friends in Ohio, bring out a full party vote. This, in the Empire State, means victory for the Republican ticket.

MR. PARK still insists that the constitution and statutes provide for the payment of "necessary clerk hire" in the county treasurer's office. We are not aware that anybody disputes that proposition, but there are very few people who will have the temerity to assert that the treasurer himself is the proper person to decide the amount of clerk hire necessary, and that it is his privilege to pay out whatever his own disinclination or inability to work seems to him to make "necessary," and then retain the amount in his settlement, claiming credit for it as one of the unavoidable expenses of his office. And that is what the people blame Mr. Park for doing.

"Will not a paper dollar buy food for the poor man?" asks the domineering of his audience. Some paper dollars will, and some will not, buy food. Our present dollar will; but it buys less food than it ought, and it will buy less and less, the further it is removed from the day of resumption. If the Democratic doctrine of inflation is practiced, a dollar's worth of food will not satisfy the hungry man; for expansion means depreciation in value.

MR. PARK's supporters claim that his extraordinary bill for "necessary clerk hire" was allowed by the board of supervisors, and that therefore it could not have been much out of the way.

But these sorely puzzled gentlemen conveniently forgot to tell the whole story. They forgot to say that the claim was rejected at two different meetings of the board, and was finally passed by a bare majority when two members of the board who had opposed it before were absent from the meeting. And they also forgot to state that Mr. Park did not present the bill and ask its payment, but that he had paid it out without authority, and then demanded credit for the amount in his settlement. The board had only two remedies—to allow the bill or sue the treasurer on his bond at the time of his final settlement, and they chose the former as the less evil of the two. So the people who are endeavoring to justify Mr. Park need not attempt to palliate his offense by saying that the board of supervisors endorsed his action; they asserted, not from choice, but from necessity, for the only other course left open to them was one that would involve the county in a lawsuit in which the expense might amount to more than the sum in controversy.

THE New York *Graphic* thinks that Ohio has suffered too much stamping. It says: "Thus far in the canvass Mr. Allen has made fifty speeches, and he intends to keep the stump till the bitter end. Pendleton, Ewing, Sam Cary, Thurman, Hendricks, Curtin, and our own Woodford are blowing away in the unhappy State of Ohio, and such a clattering, such a rolling sea of chin music never before was heard since the world began. Standing in Licking county, Allen roars so as to be heard even unto Bridgewater and Ashtabula, Marietta and Miami, and besides this roaring there are all the others at work cackling, gobbling, braying, and blowing. Ohio must have committed some enormous transgression to bring such an infliction upon her."

IT is estimated that \$150,000,000 will be distributed among the farms in the West this year for their hog crop. Curceny will not be so concentrated then. Good wheat, corn, cattle and hog crops will do more to benefit the western country this year than all the inflation that could be devised. Certainly, money is not very scarce and times very hard when western produce commands the price it now does—

JACKSONVILLE, Oct. 11.—The *Chicago Tribune* says:

"It is understood that Mr. W. F. Storey will soon undertake a trip to Europe, and that the editor of the *Times* during his absence will be J. Sterling Morton, of Nebraska. Mr. Morton lived, some twenty odd years ago, in Monroe, Mich. He was afterwards, for a short period, associated with Mr. Storey in the editorship of a Detroit newspaper. For many years past, however, he has been a resident of Nebraska, where for a time he was quite prominent as a Democratic politician, and has been Land Commissioner and Union Pacific Railroad agent, in which positions, it is said, he amassed a comfortable fortune. It is known that Mr. Morton some time ago tried to buy an interest in the *Times*, and the presumption is in consequence of this new arrangement, that he has succeeded; but none of the details are public.

## CHINAMEN AS FARMERS.

The Natchez *Democrat-Courier* gives an interesting account of a number of Chinamen employed in Chicot county, Arkansas. They are most serviceable as tenants, and display far more ability than the negro. The terms usually made are 100 pounds of lint cotton to the acre, the planter furnishing a mule to cultivate the crop. At early dawn the Chinaman has had his breakfast and is in the field. At 11 o'clock one of their number is sent in to cook their dinner, the hour for which is announced by the display of a small lantern. Half an hour is usually consumed at the meal, and returning to the field they work until dark. During ploughing time planters are compelled to set to it that their animals have time to rest and eat, as the Celestials appear to be blessed with no compunctions where mules are concerned. Their plowing is with furrows straight as a rule. They also seem to be adepts in cultivating vegetables, all their gardens being kept in perfect order. A supply of the principal vegetables is carefully dried and kept for the winter. Their houses are the personification of neatness, every utensil being scoured bright as silver, while their clothes are clean, and in personal appearance they are never offensive. With great difficulty they can be restrained from working on Sunday.

ANNOVOR of Mr. Wendell Phillips' excited diatribes in favor of inflation, *The New York Tribune* takes him off in this happy style:

"Mr. Wendell Phillips is what Mrs. Malaprop calls a fluent and agreeable speaker. No orator of this period has done so much to clothe the sentiments most loudly applauded, was that by Alexander Thompson, that any man controlling over one million dollars was a thief and a robber."

NEW YORK, Oct. 11.—Two illicit stills and contraband material valued at \$15,000, were seized in Brooklyn yesterday.

"Will not a paper dollar buy food for the poor man?" asks the domineering of his audience. Some paper dollars will, and some will not, buy food. Our present dollar will; but it buys less food than it ought, and it will buy less and less, the further it is removed from the day of resumption. MR. PARK's supporters claim that his extraordinary bill for "necessary clerk hire" was allowed by the board of supervisors, and that therefore it could not have been much out of the way.

THE Emperor of Brazil has his arrangements about completed for his long promised visit to the United States. He has obtained the consent of his Legislative Chamber to be absent about eighteen months. No two American should make game of Pedro.

THE testimony of Samuel Music and Marshall Crain at the trial of John Bullen for the murder of Capt. Sisney, casts a ghostly light upon the Williamson County vendetta. Both men are jointly indicted with Bullen for the murder, and have, in court-room phrase, turned State's evidence. Each narrates with many details how the murder was bargained for, and the discussion which arose as to whether Capt. Sisney or his son should first be killed. Crain in his testimony goes further to state how the price of the slaying of some four other men Bullen wanted killed was discussed, and finally how the price that would be paid for Bullen's taking off was talked over. This, all of which reads like an extract from a blood-and-thunder romance, is given as a matter of fact, brought out in open court and detailed under sharpest cross-examination.

## "A Thief and a Robber."

## MORE GOLD DISCOVERIES IN THE BLACK HILLS.

## No Secretary of the Interior yet.

## ADJOURNMENT OF THE N. C. CONVENTION.

## MOVEMENTS OF THE PRESIDENT.

NEW YORK, Oct. 11.—There was a very large meeting here yesterday, of people who sympathize with the Fall River operatives. John Swinton was chairman, and John Bailey, Morgan Jefferson, and others, spoke. Dolores from Fall River represented their grievances. Among the sentiments most loudly applauded, was that by Alexander Thompson, that any man controlling over one million dollars was a thief and a robber.

NEW YORK, Oct. 11.—Two illicit stills and contraband material valued at \$15,000, were seized in Brooklyn yesterday.

WASHINGTON, October 11.—No new developments concerning the Secretaryship of the Interior, Gen. Cowan, who has been acting as Secretary, has not signed any papers to-day, and at 1 o'clock visited the Attorney General to obtain his opinion as to the legality of serving to-day. Secretary Dolano's resignation took effect October 1st. The point at issue is whether that day shall be considered one of the ten days' service allowed by law to *ad interim* or *vice versa*, without special appointment.

WASHINGTON, October 11.—The Commissioner of Indian Affairs received the following dispatch to-day, from Walter P. Jonney, geologist exploring the Black Hills:

"CAMP ON RAPID CREEK, Sept. 29.—I have discovered gold in small quantities in Bear Lodge Mountains, about 20 miles east of the Little Missouri Buttes, in the northwestern portion of the Black Hills. The field is limited in its area, not exceeding 50 square miles, and is wholly in Wyoming, being separated from the region about Harney's Peak by Red Water Valley.

"The gold is derived from decomposition of ledges of feldspar porphyry, carrying oxide of iron and manganese. No quartz is found in the region, and the deposits, as far as examined, are gravel bars of limited area, near the head of mountain streams flowing in holes from the river.

**A CINCINNATI** correspondent of the  
New York Tribune says:

"As a rule, the vote of Hamilton  
county has settled the result in the  
State. Whenever the Democrats have  
been able to add the solid German vote  
to the solid Irish vote, which is always  
there, they have carried the county;  
and whenever the Republicans have  
acted with them, they have been victo-  
rious. Two years ago, in the Allen-  
Noyes campaign, Allen's plurality was  
less than 800 in the State. The Lib-  
eral Republicans candidate, Collier, got  
over 4,300 votes, four-fifths of which  
were given by former Republicans.  
Last fall, the Republicans drove away  
the whole body of their German friends  
by putting a temperance plank in their  
State platform, and in consequence lost  
Hamilton county by nearly 6,000. The  
Germans acted solidly with the Demo-  
crats in the mayoralty contest last  
spring, and elected Johnston by 6,300  
majority. Now, nearly all the old Ro-  
man Catholic Germans, who were Liberal-  
ists in 1872 and 1873 and Demo rats under  
protection in 1874, have returned to their  
former allegiance, and are supporting  
Hayes on the money question, like their  
brethren in Cuyahoga county, and this  
gives solid ground for expecting a  
Republican triumph here. If Hayes  
carries Hamilton, his success in the  
State will be certain."

**CARD OF THANKS.**

WHEELING, W. Va., Oct. 2, 1875.  
MESSRS. EDITORS.—On behalf of myself,  
and in behalf of the family of which I am a member, I wish to return  
my heartfelt and sincere thanks to those  
citizens of Decatur who have so kindly  
interested themselves in the welfare of  
my sister Viola during her severe illness;  
and also for the cordial reception given  
and the hospitality shown to my sister  
Clara on her recent visit, occasioned by  
the illness of our sister. Such kindness  
and attention from persons who have  
heretofore been strangers and entirely  
unknown is seldom met with, and is  
therefore the more highly appreciated.  
Very respectfully, AL. WAITE.

**OBITUARY.**

WILLIE BROWN died of consumption  
at the residence of his father, 40 West  
Prairie street, yesterday morning at 5  
o'clock, in his 18th year.

Willie's health had been declining for  
more than a year, and for a number of  
weeks he realized that the end of his  
earthly life would soon come. But he  
had no fear of death, realizing that to  
him death would be a gain. Although  
he had been living in this city only since  
the 1st of June, he made a number of  
very warm friends. He was a very af-  
fectionate boy, and patiently he endured  
his tedious affliction. He sleeps in  
Jesus.

The funeral will take place from the  
residence to-morrow at 10 o'clock. The  
services will be conducted by Rev. Hor-  
ace Reed.

**Grand Opening Ball.**—The ball given  
by the Turn-Verein of this city last  
evening, at their new hall in Ulrich's  
block, was a splendid success in every  
respect. Fifty couples or more were in  
attendance, and the dance went on, and  
joy was unconfined until half-past three  
o'clock this morning, when the party  
separated in the best of spirits. Superb  
music for the occasion was furnished by  
Ebert's quadrille band. A bountiful  
lunch was served at a proper time which,  
with all the doings of the occasion, was  
A. No. 1.
